Dear Mr. Martin:

Hi, my name is Brooklyn Wakefield I'm a sophomore from the Roger's High School AOIT program. I'm writing this letter to thank you for your involvement in our field trip.

The field trip with your involvement helped us understand the benefits of AOIT.

On behalf of my AOIT peers thank you for taking time out of your schedule to help us. We learned a lot about the technology field during our time at the CVS and appreciate being able to have real life experience with skilled people in the IT field.

Sincerely,

Brooklyn Wakefield
